SOUTHERN HONOR.

Two Legislators Meet on the Duel Field to Settle a Personal Controversy.

ATLANTA, Ga., Aug. 12.—The duel between Messrs. Williamson and Calhoun, which grew out of a personal controversy between the two men on the floor of the house of the Georgia legislature, took place early yesterday morning.

When the word "fire" was given Mr. Williamson at once discharged all of his five shots at Calhoun, while the latter fired but once. Mr. Calhoun then pointed his revolver at Williamson and ordered him not to move, and said: "Mr. Williamson, I have held four of my balls, which I am entitled to fire at you. I do not want to take your life. I now ask you to retract your remarks made against me before the legislature."

"I will do so," said Williamson, "provided you withdraw the reflections upon my character involved in your remarks."

Mr. Calhoun again asked an unconditional withdrawal, which Mr. Williamson refused. Then Mr. Calhoun said: "Will you withdraw, or shall I fire?"

Mr. Williamson replied: "If you withdraw the reflections upon my character. If not, no, and I am ready for your bullets. Fire your four shots, then we will load and fire again," and Mr. Williamson folded his arms.

"I do not want to take your life," said Mr. Calhoun. "In speaking before the legislature committee, I intended to cover a business point and Mr. Williamson personally did not occur to me."

"Then I withdraw my statements," said Mr. Williamson.

"Then," said Mr. Calhoun, pointing his pistol skywards, "I shall fire my remaining four shots in the air. I reserved them for this purpose."

He then fired his remaining four shots in the air. The principals then shook hands and left the field.

Pat Calhoun returned to Atlanta yesterday, and J. D. Williamson is in Rome. Governor Seay, of Alabama, yesterday announced his intention of demanding the extradition of the duelists. Governor Gordon, of Georgia, says he will honor the requisitions, as the duel was fought on the state line.

THE verdict of the jury in "that bridge case," rendered in the DeKalb county court, is being pretty generally discussed by our citizens. A RARE bird was shot at Dundee, Ind., by Austin Dolla, a farmer. The bird is snow white and stands seven feet high. The remarkable fact that it weighs less than four pounds has excited no little interest. For want of the proper name the people have appropriately dubbed it the "phantom heron."

THE Brown-Sequard "elixir of life," a new medical discovery which is prepared from the glands of young lambs, is working wonder cures in the cities where the preparation has been given a practical test. AN intimate lady friend of Mrs. Harrison expressed herself with deep concern in regard to the ability of the first lady of the land to undergo the laborious exactions of ceremonial and social entertainments at the executive mansion during the coming season. The laborious task of superintending the putting of the mansion in condition to meet her ideas of housekeeping has been a great strain upon her energies.

ONE feature of the law opening the Big Sioux reservation that is especially deserving of notice is that only actual settlers can secure the lands, no speculation being possible. Of course there will be and has been already considerable land booming in towns adjoining the reservation, but the settlement of the reservation means the addition to the population of the two Dakotas of so many farmers and actaul residents and workers rather than of so many speculators, who would leave the state as soon as they have secured the results of the "booms" they might be able to manipulate.

"AT AN EARLY DAY."

If Not Sooner, the Parallel Railroad Will be Built—A Bold Assertion.

The executive committee of the New York, Fort Wayne and Chicago railroad met at the office of Biggs & Biggs, at Warsaw, on Thursday, the 8th inst., to complete the necessary arrangements for the preliminary survey of the line of road, and among other important business transacted, made all the preliminary arrangements to commence the survey not later than the first of September, and to push it as rapidly as possible until completed from Fort Wayne to Chicago. A. T. S. Kist, of Warsaw, was selected as one of the engineers, and the balance of the force (except another engineer) was distributed equally between the counties of Whitley, Kosciusko, Marshall and Porter. The president was authorized to employ an additional engineer, which completes the force. A disposition was shown at the meeting to push the enterprise with all possible speed and a general feeling prevailed that the New York, Fort Wayne and Chicago railroad was an assured fact at an early day, if the people along the line will do their part.

This organization has control of all stone cutters within a radius of forty miles of this city, and they decided at their last session to fine each member in the sum of $3.50 who worked on Labor Day. This will, without question, send the entire membership out to take part in the Labor Day demonstration, as the motion to impose such wne passed without a dissenting voice.

IT WON'T BAKE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

A Grand Success.

The encampment has been a grand success from first to last, and everybody here from a distance will go to their homes very highly pleased. The visiting Knights have been profuse in their praises of the hospitality of the people of Warsaw and the beautiful decorations on the streets of the place in honor of the event.—Warsaw *Times*.

Great Little Men.

Some of the greatest men that ever lived were of small stature and insignificant appearance. The reader will readily recall many instances. Very small are Dr. Pierce's Pleasant Purgative Pellets, but they are far more effective than the huge, old-fashioned pills which are so difficult to swallow and so harsh in their action. The "Pellets" are gentle and never cause constipation. For liver, stomach and bowel derangements they have no equal.

THE Y. M. C. A.

Rev. Miller, of Monroeville, Delivers a Grand Address—New Secretary of the Association.

Rev. S. D. Miller, of Monroeville, led the services yesterday afternoon at the city department of the Young Men's Christian association. He chose as the subject of his remarks the words of Christ to Peter, "Follow Thou Me," and delivered an interesting and practical discourse.

He held up Christ as the great model for the world to follow and urged his audience to imitate His faith, His patience, His forgiveness and His brotherly love.

The lives and teachings of other great religious and political leaders are not always safe to follow. The life of the Divine Master is perfect. "Follow Him" was the central thought of the discourse, and in enlarging on the theme the speaker sent some grand truths home to his hearers. His language was elegant and his delivery forcible and eloquent and the reverend gentleman's discourse was well received by those present.

After he had finished, Dr. Ferguson introduced the new general secretary of the association, Mr. D. P. Bower, who spoke in an earnest, pleasant way for a few moments and at the close of the services shook hands with each person in attendance as they passed out the doorway.

Mr. Bower is a cultured and pleasant gentleman and will meet with success in the work he has undertaken. He comes among us a stranger. His duties are new to him. He will rapidly familiarize himself, however, with our people and his work and when he does the association will prosper in his hands. THE SENTINEL speaks a good word for Mr. Bower and asks our citizens to form his acquaintance, so that he may be useful in reclaiming our young men, which is the work of the association.

The Sunday afternoon meetings of the Y. M. C. A. are not as well attended as they ought to be. There should be a "waking up" on the part of our Christian men in this respect. Let every member of the association not only attend these Sunday afternoon services, which are always interesting, but let him bring to the rooms some person who is not a member.

The association has done a grand work for the young men of our city. Its usefulness in this respect can be without limit if each Christian worker will put his shoulder to the wheel and help the cause along. Let it be done. Next Sunday the new secretary will conduct the meeting and he should be greeted with a crowded audience room.

POSTOFFICE CHANGES.

Postmaster Higgins Makes Several Appointments on His Republican Staff.

The work of weeding out the reliable democratic force in the postoffice goes on steadily.

Postmaster Higgins named the following appointments this morning:

Kit Carson to succeed August LaGraw on the outside or wagon route, as mail carrier. Mr. Carson is an ex-soldier and a prominent member of Anthony Wayne post.

George L. Ashley to carry mail in place of John C. Hunt.

Henry C. Niedhammer to the position of special delivery clerk in place of George Beimer. Henry is a son of Mr. George Niedhammer, of the Jenney electric light works.

Clarence S. Swann to a clerkship in the money order department.

JOLIET, ILL.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

EXPECTATIONS FOR THE 22D.

The Monument Corner-Stone Laying Will Draw Fifty Thousand People.

Advices received from all parts of the state by President Langsdale, of the soldiers' monument commission, indicate that there will be fifty thousand strangers in Indianapolis on the 22d. "They are preparing to come from every locality in the state," said Mr. Langsdale to an Indianapolis *News* reporter, "and the arrangements made to properly care for the visitors must be elaborate. The crowd will be the largest Indianapolis has ever witnessed."

The work on the monument is being pushed at a rapid rate. Several tiers of stones are to be laid before the corner stones can be placed, but the contractors promise that they will be ready for the exercises on the 22d.

I have used Pond's Extract for myself and family for some time and find it to be the best article of the kind I ever used. It will remove stiffness and soreness of the muscles in a very short time, and in my opinion no base ball player or athlete should be without this valuable compound. Yours truly,
JAMES MUTRIE,
Manager New York Base Ball Club.

Mr. Harry Williamson tells us that the prospects for the Odd Fellows excursion on the 14th inst., are encouraging. There will no doubt be a big crowd.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Waltersburg, sold over 380 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy during this epidemic, and say that they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 60 cent bottles for sale by Geo. H. Loesch.

Lake Chautauqua.

Take the Nickel Plate to Lake Chautauqua, the popular summer resort, where 150,000 pleasure seekers visit in one season. It is located at an altitude of 1,400 and 1,500 feet above ocean level, and its shores present a continuous picture of scenic beauty.

The boating, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

The history of the various religious and educational organizations which have made this resort so popular, are so well known it will not be our purpose to repeat any portion of it here. Individuals or families desiring board at hotels, or private houses may be accommodated at rates to suit the ability or desires of the visitor.

The Nickel Plate has made special arrangements for the accommodation of tourists who desire to stop on excursion tickets either going or returning, enabling them to visit friends en route and the many attractions of the beautiful city of Cleveland, Ohio.

Excursionists desiring to visit Niagara Falls may be accommodated with tickets direct or via Chautauqua Lake, enabling holders of Nickel Plate tickets to visit both of those famous resorts without additional cost to purchaser. The Nickel Plate trains make direct connections at Brocton for Mayville, and close connections returning. Be sure your ticket reads via Nickel Plate. Aug15

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

TRIP OVER THE TIES.

The News of the Day as Gathered From the Busy Centers by Our Railroad Reporter.

There are several pay days this week.

The Bass works are kept very busy at present.

Capt. Robt. Harrison is on the sick list to-day.

The Nickel Plate took an excursion to Niagara Falls to-day.

The Grand Rapids road pays its employes at this point to-morrow.

John Bleekman, of the Wabash, is recovering from his recent sickness.

Clerk Will Noble, of the Bass works, is still unable to resume his duties.

Three new men took positions at the Pittsburg blacksmith shops this morning.

Many of the railroad men attended the funeral of Conductor Gage yesterday.

Road Foreman of Engineers A. H. Polhamus, of the Pennsylvania, went to Pittsburg to-day.

Joe Gruber has resigned his position at the Pittsburg boiler shop and will enter the blacksmith department.

William Madison, machinist at the Pittsburg works, is acting foreman at the Pittsburg car shops to-day.

Owen Barry and his force of men at the Pittsburg blacksmith shops are off duty on account of repairs to the furnace.

Al Throckmartin, of the Pittsburg blacksmith shops, who has been off duty for a week on account of sickness, has resumed his position.

Engineer Larimore, of the Nickel Plate, who has been quite sick during last week, has so far recovered as to be able to resume his run on the road.

Foreman Sam Henderson, of the Pittsburg, while at Petoskey, reports having seen a number of Fort Wayne people and says they were all enjoying themselves.

The Wabash excursionists to Detroit did not return until early yesterday morning. Ticket Agent Thompson remained and spent Sunday at Detroit, returning this morning.

Foreman T. J. Rodabaugh, of the Pittsburg copper shops, drives over to the east yards every day to look after work in progress there. Mr. Rodabaugh has a horse of his own and it is a fast stepper.

It is stated that the Wabash management is about to make large reductions in the working force of its passenger department at all points. They employ more men than do any of their competitors, it is stated.

Passenger Agent John E. Ross, of the Pennsylvania company, has returned from his trip to Mackinac and the northern resorts and reports having had a grand time. He went with sixty-one other passenger agents of the company.

The Pennsylvania railroad company will in the near future have four tracks in use the entire distance from Jersey City to Philadelphia. A third track has been used for a year by east-bound freight trains except in the large towns.

John Donaldson, sheriff-elect of Cass county, one of the oldest engineers in the state, left his footboard on Saturday preparatory to taking the position of sheriff. Mr. Donaldson has been a locomotive engineer for thirty-nine years. He ran the engine which hauled the second train over the New Albany and Salem, now the L., N. A. & C. road.

The Pennsylvania railroad company, operating the Jeffersonville, Madison and Indianapolis railroad, has filed a complaint with the inter-state commerce commission against the Louisville, New Albany and Chicago railway company. The complaint alleges that the latter company in the sale of 1,000 mile tickets between Louisville, Ky., and Chicago does not hold the purchaser to the conditions of sale printed on the ticket and to properly identify himself when he presents the ticket to the conductors for use, and that thereby these tickets fall into hands of ticket brokers or scalpers, causing unjust discrimination against passengers who have purchased 1,000 mile tickets but have paid regular fares.

At the Pullman car works five coaches are now being built to be run as the last coach on the limited trains of the Pennsylvania Railroad company between Chicago and New York. These cars are especially designed for ladies and are fitted up in gorgeous style. One end of the coach will be open space, and used as an observation car; the other will be supplied with chairs. The interior of the coaches will be finished in new and unique designs, more expensive than any ever before turned out at the Pullman works. While gentlemen accompanying ladies will be admitted, the coaches are especially designed for use by ladies, and will be furnished with every convenience, among other things there being in each a bath room, in close proximity to the ladies' dressing room. It is expected that these coaches will be put in service about October 1.

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a great remedy for regulating these organs.

An effort is being made to revive the Bourbon railroad, which has been surveyed through the southern tier of townships. A meeting of the directors was held at Bourbon recently and it was decided to at once push the scheme for all there is in it. Another meeting has been called for the 29th inst. at Wolf Lake.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

Mr. Al Hart, the popular young traveling salesman for Greenback tobacco, who has been registered at the Wayne for over a week, left last night for Toledo.

PAINSVILLE, O.
J. M. LOOSE RED CLOVER CO., Detroit.—I have used your Solid Extract Red Clover with perfect success and take great pleasure in recommending its use to any afflicted with Scrofulous or Cancerous affections, believing it (from my own experience) to be a most efficient blood purifier.

The Bluffton *Banner* says: "Frank Borhlen returned to Fort Wayne this afternoon, having visited in the city the past week."

The rose bud opening to the morn,
While yet the dew hangs on the thorn,
Exhales less sweetness than is wont
To breathe from lips that SOZODONT
has touched with a soft crimson glow
That shows the dazzling teeth off so.

Rev. S. D. Miller, of Monroeville, who spoke yesterday afternoon at the City Y. M. C. A. rooms, was the guest over Sunday of Dr. and Mrs. James Caldwell, of Harrison street.

People in general should know what's best to do in case of a sudden attack of bowel complaint. It is a well established fact that prompt relief may be had in any case of colic, cholera morbus, dysintery or diarrhoea by giving a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It acts quickly, can always be depended upon and is pleasant to take. For sale by Geo. H. Loesch.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

TAR-OID

NATURE HAS NO Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and

BETTER REMEDY Coughs, Croup. Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood*, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

SOUTHERN HONOR.

Two Legislators Meet on the Dual Plain to Settle a Personal Controversy.

ATLANTA, Ga., Aug. 12.—The duel between Messrs. Williamson and Calhoun, which grew out of a personal controversy between the two men on the floor of the house of the Georgia legislature, took place early yesterday morning.

When the word "fire" was given Mr. Williamson at once discharged all of his five shots at Calhoun, while the latter fired but once. Mr. Calhoun then pointed his revolver at Williamson and ordered him not to move, and said: "Mr. Williamson, I have held four of my balls, which I am entitled to fire at you. I do not want to take your life. I now ask you to retract your remarks made against me before the legislature."

"I will do so," said Williamson, "provided you withdraw the reflections upon my character involved in your remarks."

Mr. Calhoun again asked an unconditional withdrawal, which Mr. Williamson refused. Then Mr. Calhoun said: "Will you withdraw, or shall I fire?"

Mr. Williamson replied: "If you withdraw the reflections upon my character. If not, no, and I am ready for your bullets. Fire your four shots, then we will load and fire again," and Mr. Williamson folded his arms.

"I do not want to take your life," said Mr. Calhoun. "In speaking before the legislature committee, I intended to cover a business point and Mr. Williamson personally did not occur to me."

"Then I withdraw my statements," said Mr. Williamson.

"Then," said Mr. Calhoun, pointing his pistol skywards, "I shall fire my remaining four shots in the air. I reserved them for this purpose."

He then fired his remaining four shots in the air. The principals then shook hands and left the field.

Pat Calhoun returned to Atlanta yesterday, and J. D. Williamson is in Rome. Governor Seay, of Alabama, yesterday announced his intention of demanding the extradition of the duelists. Governor Gordon, of Georgia, says he will honor the requisitions, as the duel was fought on the state line.

Most of the stealing was done on Sundays and holidays, when many of the clerks were off duty.

The inspectors last night set a trap in the shape of several decoy packages of jewelry. Capt. James Stewart and Inspectors Fleming, George A. Davis, who was placed under arrest, has been employed as engineer in the building for three years, and had borne an unblemished reputation.

CHAUNCEY M. DEPEW'S income now reaches the enormous figure of $125,000 per year.

COLONEL DUDLEY says he has no fears of arrest in Indiana, and will not pass around the state in making a proposed trip to Milwaukee.

PETITIONS for royal clemency in the case of Mrs. Maybrick, who was recently sentenced to death at Liverpool for the murder of her husband, have been presented to Queen Victoria.

THE president of the Spanish-American union, which includes 1,100 merchants, says that South America's exhibit at the world's fair in 1892 will be most elaborate and extensive.

MRS. E. D. E. N. SOUTHWORTH, who has written seventy-nine stories and novels, and earned over $100,000 by her pen, thinks she might have aided mankind in general far more by writing some sweet, pathetic ballad.

THE Indiana Republican Editorial association will meet at Warsaw on September 3, and remain in session two days. Among others who are expected to deliver addresses is Superintendent of Census Porter, one of the editors and proprietors of the New York *Press*.

MURAT HALSTEAD, since his return from Europe, is demonstrating that his physical and mental vigor is unimpaired by political disappointment and erysipelas. He writes two or three columns per day, giving the result of his observations abroad, besides his usual editorial grind.

SATURDAY twenty-five Indian children arrived from the west to be educated at the White Indian Manual Labor institute, near Wabash, Ind., at government expense. They were obtained from the Cheyenne and Arrapahoe agencies in the Indian territory. They represent half a dozen tribes.

THE verdict of the jury in "that bridge case," rendered in the DeKalb county court, is being pretty generally discussed by our citizens. THE SENTINEL gave the pith of the decision Saturday, and it is probable our citizens will hear a great deal more of the case before the matter is finally disposed of.

A RARE bird was shot at Dundee, Ind., by Austin Dolls, a farmer. The bird is snow white and stands seven feet high. The remarkable fact that it weighs less than four pounds has excited no little interest. For want of the proper name the people have appropriately dubbed it the "phantom heron."

LAURA WOLFORD, a museum freak, died at Lafayette last Friday. She weighed 904½ pounds last Christmas and was the largest woman in the world. She was born in Maryland thirty-one years ago and was married at the age of thirteen. Seven children were born to her, only one of whom, a little boy, survives.

THE Brown-Sequard "elixir of life," a new medical discovery which is prepared from the glands of young lambs, is working wonder cures in the cities where the preparation has been given a practical test. It is injected into the blood of the patient and with good results. It looks as if the new discovery would work a revolution in medical science. Some of the physicians in this city are preparing to experiment with it.

REV. J. F. KENDALL, D. D., of La Porte, Ind., died very suddenly Saturday night. For eighteen years he was pastor of the First Presbyterian church, the leading and wealthiest congregation of LaPorte. Dr. Kendall had been absent from his pulpit just two weeks on his annual vacation, and had gone to Skaneateles, N. Y., where he died. He had been somewhat unwell before leaving, but wrote only two days ago that he was improving and would resume his pastoral duties this week.

AN intimate lady friend of Mrs. Harrison expressed herself with deep concern in regard to the ability of the first lady of the land to undergo the laborious exactions of ceremonial and social entertainments at the executive mansion during the coming season. Mrs. Harrison has not been at all well since she entered the white house. The laborious task of superintending the putting of the mansion in condition to meet her ideas of housekeeping has been a great strain upon her energies.

ONE feature of the law opening the Big Sioux reservation that is especially deserving of notice is that only actual settlers can secure the lands, no speculation being possible. Of course there will be and has been already considerable land booming in towns adjoining the reservation, but the settlement of the reservation means the addition to the population of the two Dakotas of as many farmers and actual residents and workers rather than of so many speculators, who would leave the state as soon as they have secured the results of the "booms" they might be able to manipulate.

"AT AN EARLY DAY."

It Not Sooner, the Parallel Railroad Will Be Built—A Bold Assertion.

The executive committee of the New York, Fort Wayne and Chicago railroad met at the office of Biggs & Biggs, at Warsaw, on Thursday, the 8th inst., to complete the necessary arrangements for the preliminary survey of the line of road, and among other important business transacted, made all the preliminary arrangements to commence the survey not later than the first of September, and to push it as rapidly as possible until completed from Fort Wayne to Chicago. A. T. S. Kist, of Warsaw, was selected as one of the engineers, and the balance of the force (except another engineer) was distributed equally between the counties of Whitley, Kosciusko, Marshall and Porter. The president was authorized to employ an additional engineer, which completes the force. A disposition was shown at the meeting to push the enterprise with all possible speed and a general feeling prevailed that the New York, Fort Wayne and Chicago railroad was an assured fact at an early day, if the people along the line will do their part.

EAST YARD GOSSIP.

An Interesting Budget of News From That Busy Center.

Frank Tibbles is sojourning in Logan county, Ohio.

The addition to the company's coal wharf is nearly completed.

C. C. Bartlett, the Yankee switchman and boniface of the East Yard hotel, is on the sick list.

Ice in large quantities continues to be shipped from Nottawa and Rome City to Cincinnati and neighboring towns.

Jack Malone has accepted a position as brakeman on the Grand Rapids and Indiana road. Jack is a hustler in the business.

George McManigal, the caller who was badly bruised by falling off a passenger train the other day, is doing as well as can be expected.

Phil Tremmel, the east end conductor, sports a vicious looking reptile made of rubber, and permits it to mingle freely among the boys as a nerve stimulant.

Clarence Swaun, the efficient messenger between the freight and east yard office, has resigned his position, to accept a more lucrative one as mailing clerk in the postoffice. Clarence is an energetic young man and is bound to succeed.

Ed O'Connell, in one of the offices of the shop department, left this morning for a tour around the lakes via Cleveland, Detroit, and Mackinaw. Ed has been taught how to gracefully place his hand upon the pit of his stomach when occasion demands it.

Harry Forrest, foreman of the car inspectors in the east yards, has resigned and accepted the general foremanship in this department for the Grand Rapids and Indiana road at Grand Rapids. He has been succeeded by Mr. Swartz in the car shops of the Pennsylvania company here.

The Stone Cutters.

At the last regular meeting of the local branch of Journeymen Stone Cutter's Union of America, the following officers were chosen:

Duncan McNatt, president.
George Cappeller, vice-president.
Charles Braun, secretary.
Christ Keefer, treasurer.
Gust Lomatsche, sergeant-at-arms.
Walter Gibford, Henry Huhn and M. Mix, trustees.

This organization has control of all stone cutters within a radius of forty miles of this city, and they decided at their last session to fine each member in the sum of $3.50 who worked on Labor Day. This will, without question, send the entire membership out to take part in the Labor Day demonstration, as the motion to impose such fine passed without a dissenting voice.

IT WON'T BAKE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

A Grand Success.

The encampment has been a grand success from first to last, and everybody here from a distance will go to their homes very highly pleased. The visiting Knights have been profuse in their praises of the hospitality of the people of Warsaw and the beautiful decorations on the streets of the place in honor of the event.—*Warsaw Times.*

Great Little Men.

Some of the greatest men that ever lived were of small stature and insignificant appearance. The reader will readily recall many instances. Very small are Dr. Pierce's Pleasant Purgative Pellets, but they are far more effective than the huge, old-fashioned pills which are so difficult to swallow and so harsh in their action. The "Pellets" are gentle and never cause constipation. For liver, stomach and bowel derangements they have no equal.

THE Y. M. C. A.

Rev. Miller, of Monroeville, Delivers a Grand Address—New Secretary of the Association.

Rev. S. D. Miller, of Monroeville, led the services yesterday afternoon at the city department of the Young Men's Christian association. He chose as the subject of his remarks the words of Christ to Peter, "Follow Thou Me," and delivered an interesting and practical discourse.

He held up Christ as the great model for the world to follow and urged his audience to imitate His faith, His patience, His forgiveness and His brotherly love.

The lives and teachings of other great religious and political leaders are not always safe to follow. The life of the Divine Master is perfect. "Follow Him" was the central thought of the discourse, and in enlarging on the theme the speaker sent some grand truths home to his hearers. His language was elegant and his delivery forcible and eloquent and the reverend gentleman's discourse was well received by those present.

After he had finished, Dr. Ferguson introduced the new general secretary of the association, Mr. D. P. Bower, who spoke in an earnest, pleasant way for a few moments and at the close of the services shook hands with each person in attendance as they passed out the doorway.

Mr. Bower is a cultured and pleasant gentleman and will meet with success in the work he has undertaken. He comes among us a stranger. His duties are new to him. He will rapidly familiarize himself, however, with our people and his work and when he does the association will prosper in his hands. THE SENTINEL speaks a good word for Mr. Bower and asks our citizens to form his acquaintance, so that he may be useful in reclaiming our young men, which is the work of the association.

The Sunday afternoon meetings of the Y. M. C. A. are not as well attended as they ought to be. There should be a "waking up" on the part of our Christian men in this respect. Let every member of the association not only attend these Sunday afternoon services, which are always interesting, but let him bring to the rooms some person who is not a member.

The association has done a grand work for the young men of our city. Its usefulness in this respect can be without limit if each Christian worker will put his shoulder to the wheel and help the cause along. Let it be done. Next Sunday the new secretary will conduct the meeting and he should be greeted with a crowded audience room.

JOLIET, ILL.

J. M. LOOSE RED CROWN CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

EXPECTATIONS FOR THE 22D.

The Monument Corner-Stone Laying Will Draw Fifty Thousand People.

Advices received from all parts of the state by President Langsdale, of the soldiers' monument commission, indicate that there will be fifty thousand strangers in Indianapolis on the 22d. "They are preparing to come from every locality in the state," said Mr. Langsdale to an Indianapolis *News* reporter, "and the arrangements made to properly care for the visitors must be elaborate. The crowd will be the largest Indianapolis has ever witnessed."

The work on the monument is being pushed at a rapid rate. Several tiers of stones are to be laid before the corner stones can be placed, but the contractors promise that they will be ready for the exercises on the 22d.

I have used Pond's Extract for myself and family for some time and find it to be the best article of the kind I ever used. It will remove stiffness and soreness of the muscles in a very short time, and in my opinion no base ball player or athlete should be without this valuable compound. Yours truly,
JAMES METTRIE,
Manager New York Base Ball Club.

Mr. Harry Williamson tells us that the prospects for the Odd Fellows excursion on the 14th inst., are encouraging. There will no doubt be a big crowd.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois last summer. As many as five deaths occurred in one day. Messrs. Walker Brothers, of Walterburg, sold over 300 bottles of Chamberlain's Colic, Cholera and Diarrhœa Remedy during this epidemic, and say that they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 50 cent bottles for sale by Geo. H. Loesch.

Free sample bottles to ladies, Creme de Orient, or Magical Beautifier for the complexion, at Meckhurst's drug store, No. 74 Calhoun street. tf

Lake Chautauqua.

Take the Nickel Plate to Lake Chautauqua, the popular summer resort, where 150,000 pleasure seekers visit in one season. It is located at an altitude of 1,400 and 1,500 feet above ocean level, and its shores present a continuous picture of scenic beauty.

The boating, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

The history of the various religious and educational organizations which have made this resort so popular, are so well known it will not be our purpose to repeat any portion of it here. Individuals or families desiring board at hotels, or private houses may be accommodated at rates to suit the ability or desires of the visitor.

The Nickel Plate has made special arrangements for the accommodation of tourists who desire to stop on excursion tickets either going or returning, enabling them to visit friends en route and the many attractions of the beautiful city of Cleveland, Ohio.

Excursionists desiring to visit Niagara Falls may be accommodated with tickets direct or via Chautauqua Lake, enabling holders of Nickel Plate tickets to visit both of those famous resorts without additional cost to purchaser. The Nickel Plate trains make direct connections at Brocton for Mayville, and close connections returning. Be sure your ticket reads via Nickel Plate. Aug15

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

TRIP OVER THE TIES.

The News of the Day as Gathered From the Busy Centers by Our Railroad Reporters.

There are several pay days this week.

The Bass works are kept very busy at present.

Capt. Robt. Harrison is on the sick list to-day.

The Nickel Plate took an excursion to Niagara Falls to-day.

The Grand Rapids road pays its employes at this point to-morrow.

John Bleekman, of the Wabash, is recovering from his recent sickness.

Clerk Will Noble, of the Bass works, is still unable to resume his duties.

Three new men took positions at the Pittsburg blacksmith shops this morning.

Many of the railroad men attended the funeral of Conductor Gage yesterday.

Road Foreman of Engineers A. H. Polhamus, of the Pennsylvania, went to Pittsburg to-day.

Joe Graber has resigned his position at the Pittsburg boiler shop and will enter the blacksmith department.

William Madison, machinist at the Pittsburg works, is acting foreman at the Pittsburg car shops to-day.

Owen Barry and his force of men at the Pittsburg blacksmith shops are off duty on account of repairs to the furnace.

Al Throckmartin, of the Pittsburg blacksmith shops, who has been off duty for a week on account of sickness, has resumed his position.

Engineer Larimore, of the Nickel Plate, who has been quite sick during last week, has so far recovered as to be able to resume his run on the road.

Foreman Sam Henderson, of the Pittsburg, while at Petoskey, reports having seen a number of Fort Wayne people and says they were all enjoying themselves.

The Wabash excursionists to Detroit did not return until early yesterday morning. Ticket Agent Thompson remained and spent Sunday at Detroit, returning this morning.

Foreman T. J. Rodabaugh, of the Pittsburg copper shops, drives over to the east yards every day to look after work in progress there. Mr. Rodabaugh has a horse of his own and it is a fast stepper.

It is stated that the Wabash management is about to make large reductions in the working force of its passengor department at all points. They employ more men than do any of their competitors, it is stated.

Passengor Agent John E. Ross, of the Pennsylvania company, has returned from his trip to Mackinac and the northern resorts and reports having had a grand time. He went with sixty-one other passengor agents of the company.

The Pennsylvania railroad company will in the near future have four tracks in use the entire distance from Jersey City to Philadelphia. A third track has been used for a year by east-bound freight trains except in the large towns.

John Donaldson, sheriff-elect of Cass county, one of the oldest engineers in the state, left his footboard on Saturday preparatory to taking the position of sheriff. Mr. Donaldson has been a locomotive engineer for thirty-nine years. He ran the engine which hauled the second train over the New Albany and Salem, now the L., N. A. & C. road.

The Pennsylvania railroad company, operating the Jeffersonville, Madison and Indianapolis railroad, has filed a complaint with the inter-state commerce commission against the Louisville, New Albany and Chicago railway company. The complaint alleges that the latter company in the sale of 1,000 mile tickets between Louisville, Ky., and Chicago does not hold the purchaser to the conditions of sale printed on the ticket and to properly identify himself when he presents the ticket to the conductors for use, and that thereby those tickets fall into hands of ticket brokers or scalpers, causing unjust discrimination against passengers who have purchased 1,000 mile tickets but have paid regular fares.

At the Pullman car works five coaches are now being built to be run as the last coach on the limited trains of the Pennsylvania Railroad company between Chicago and New York. These cars are especially designed for ladies and are fitted up in gorgeous style. One end of the coach will be open space, and used as an observation car; the other will be supplied with chairs. The interior of the coaches will be finished in new and unique designs, more expensive than any ever before turned out at the Pullman works. While gentlemen accompanying ladies will be admitted, the coaches are especially designed for use by ladies, and will be furnished with every convenience, among other things there being in each a bath room, in close proximity to the ladies' dressing room. It is expected that these coaches will be put in service about October 1.

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a great remedy for regulating these organs.

An effort is being made to revive the Bourbon railroad, which has been surveyed through the southern tier of townships. A meeting of the directors was held at Bourbon recently and it was decided to at once push the scheme for all there is in it. Another meeting has been called for the 29th inst. at Wolf Lake.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

Mr. Al Hart, the popular young traveling salesman for Greenback tobacco, who has been registered at the Wayne for over a week, left last night for Toledo.

PAINESVILLE, O.

J. M. LOOSE RED CLOVER CO., Detroit.—I have used your Solid Extract Red Clover with perfect success and take great pleasure in recommending its use to any afflicted with Scrofulous or Cancerous affections, believing it (from my own experience) to be a most efficient blood purifier.

The Bluffton *Banner* says: "Frank Borhlen returned to Fort Wayne this afternoon, having visited in the city the past week."

The rose bud opening to the morn,
While yet the dew hangs on the thorn,
Exhales less sweetness than is wont
To breathe from lips that SOZODONT
has touched with a soft crimson glow
That shows the dazzling teeth of so.

Rev. S. D. Miller, of Mourosville, who spoke yesterday afternoon at the City Y. M. C. A. rooms, was the guest over Sunday of Dr. and Mrs. James Caldwell, of Harrison street.

People in general should know what's best to do in case of a sudden attack of bowel complaint. It is a well established fact that prompt relief may be had in any case of colic, cholera morbus, dysintery or diarrhoea by giving a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It acts quickly, can always be depended upon and is pleasant to take. For sale by Geo. H. Loesch.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.
